ABOUT US

The journey of MAHACROP AGRO FOOD'S LLP started in the year 2021, with the commitment to satisfy the customer's needs with the best quality products. With veteran agricultural experts being at the core of our team along with the workers, the work is made simple and convenient.

MAHACROP AGRO FOOD'S LLP Founded by
Dr. Akshay Satav

Our unique Integrated Business Model (IBM) has generated cost efficiencies and high levels of food safety. Our aim is to create sustainable competitive advantages through innovation

Inspired by the bountiful richness of encompassing nature and the desire to nourish communities, MAHACROP AGRO FOOD'S LLP began with a humble vision in Pune. Rooted in the ethos of sustainability and quality, our journey sprouted from the fertile soils of local farms. Now we have blossomed into a beacon of innovation and excellence in the frozen food industry

OUR VISION

We strive to grow along with our customers by providing a wide range of excellent quality products while maintaining the relationship with them. To provide wholesome food on every plate because we firmly believe that good food translates into a healthy body, a calm mind and eventually a better world.

Our MISSION

We have a dream of making our company one of the best manufacturers of frozen sweet corn in our country as well as worldwide. We believe in continuous innovation in order to match the global standards of the food manufacturing industry. Our primary focus is on customer satisfaction, which we strive to achieve by providing the best quality of products in the market along with the best-in class customer service

We ensure that not only is our end product nutritious, safe and fresh, but the means we employ to achieve that end are also ethical, compassionate and environmentally friendly.

The way we go about achieving our goal is through:

A community of empowered farmers

A team of inspired employees
